

You will then read disclosures and be asked to “accept” the agreement:

After accepting the eStatement agreement, you will need to select an “E” account type by clicking on the “Contact Us” link and replying. BizE business members do not need to do this step.

You will receive both Visa/HELOC and savings/checking/loan statements electronically if you sign up for eStatements. Moving forward, 12-months of eStatements will be available online to view. You can save the eStatements as *pdf* files (or print the statements) if you want to retain longer statement history.
